

01 User Login

User Acceptance Testing (UAT) is **the final stage of any software development life cycle**. This is when actual users test the software to see if it is able to carry out the required tasks it was designed to address in real-world situations.

Login Process

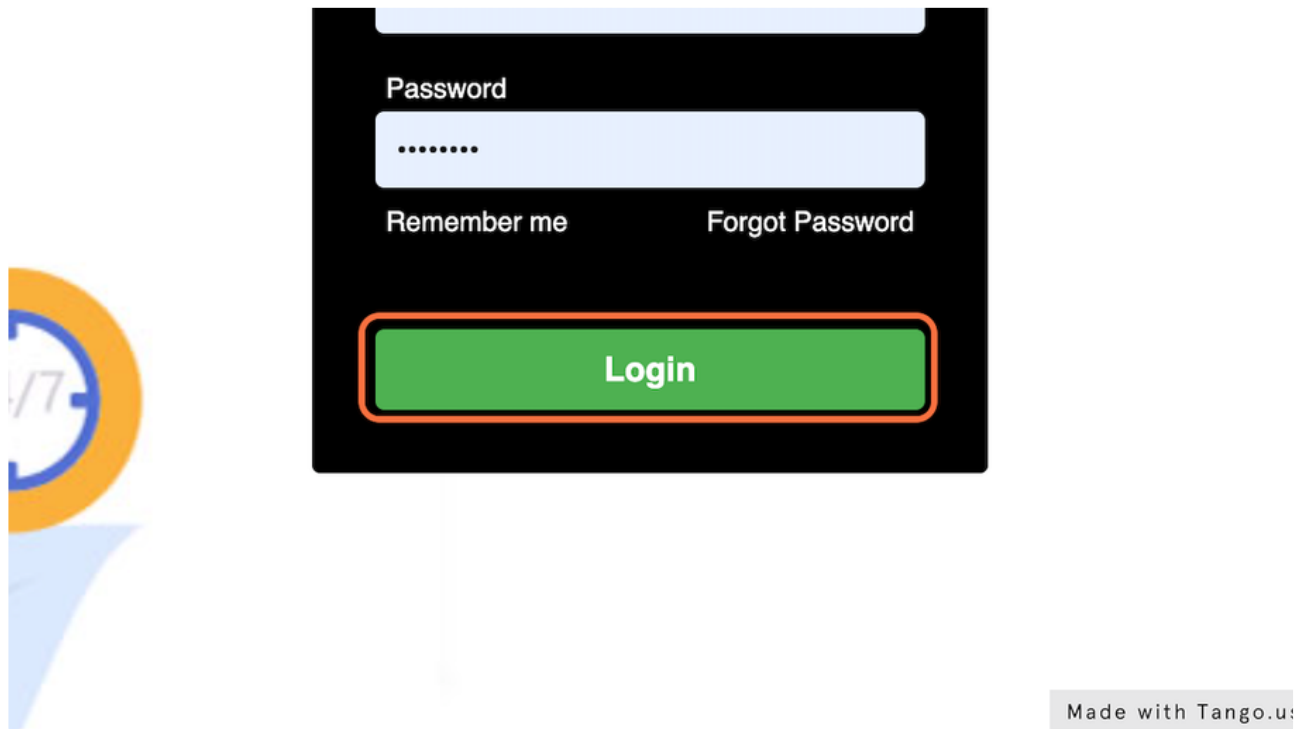

Date: October 11, 2022

Author: Nelson Adagi

Source: [Tango](#)

1. [Go to Helpline](#)

2. Click on Login

This Workflow was created with Tango.

In this situation, we have identified the user login process as critical to the success of the project.

The main links are provided for this testing are as follows.
